EXPO

A SNAPSHOT

The 2nd Edition of Inter Engineering Expo 2026, held in Nashik, Maharashtra from 7th to 10th August 2026, marked the expansion of the exhibition into one of Maharashtra's important industrial and commercial regions. The four-day event brought together engineering companies, machinery manufacturers, technology providers, automation specialists and industrial solution providers.

The exhibition created a focused platform for business networking, technology showcasing, product demonstrations and industry interaction, connecting exhibitors with manufacturers, buyers, distributors, dealers, engineers and key decision-makers.

Spanning industrial machinery, machine tools, automation & robotics, hydraulics & pneumatics, electrical & electronics, welding, material handling, safety, testing & measurement and Industry 4.0 solutions, the Nashik edition showcased technologies supporting the evolving needs of modern industry.

The event strengthened Inter Engineering Expo's vision of connecting Engineering • Technology • Innovation • Business, while creating new opportunities for collaboration, market expansion and long-term business relationships.

GRAND INAUGURATION

The inaugural edition of Inter Engineering Expo 2026 concluded with strong participation from manufacturers, industrial suppliers, engineering professionals, business leaders and decision-makers.

Over three power-packed days, the exhibition created a dynamic environment for technology showcasing, business networking, product demonstrations and meaningful industry interactions.

The event brought together companies from engineering, manufacturing, machinery, industrial equipment and allied sectors, creating opportunities for exhibitors to connect directly with potential customers and business partners.
